

## **Rescue, Rehabilitation and Legal Aid to victims of violence**

There are several women who are deprived of any help from family or community and therefore in need of legal aid. Moreover, many cases remain pending simply due to expensiveness of court litigations and people's lack of access to the legal aid institutions. So, under various projects supported by NAWO, NARISHAKTI and Jainyaseni network, Project Swarajya has been providing legal aid to the victims of violence
